

# EASTCHESTER MUSIC BOOSTERS

## Eastchester Music Boosters Races Their Way to Music Education on Sunday, September 25

The Eastchester Music Boosters are thrilled to announce they have been chosen to share in the proceeds from the 2016 Eastchester 5K Race. They are grateful to the Eastchester 5K Committee for voting to put a portion of funds raised toward the Eastchester School District's music program. The proceeds will directly benefit grades K-12 by supplying curriculum-enhancing instruments to the faculty at all levels.

Music Boosters' presence will be seen and heard at this year's race as students will perform at the 5K. There will also be a Music Booster Booth where participants may learn more about the organization and the importance of music education in children's lives.

Last year's race raised more than \$15,000 and had nearly 900 runners and walkers. This year promises to be even more successful. To register for the race and help raise funds for music, go to: <http://www.eastchester5k.org/>

*Eastchester Music Boosters was started in the Winter of 2015 with the support of Eastchester School District Administration and Music Faculty. Comprised primarily of student musician parents, their purpose is to support music education in our school district. For more information contact Diane Lama, president, [eastchestermusicboosters@gmail.com](mailto:eastchestermusicboosters@gmail.com).*
